IMVELO STUDIO

Imvelo Studio is a dynamic architecture and office design practice bringing fresh and innovative concepts to the design and built environment.

Our approach is one of design generated from a mindful response to context and client requirements. Exploring new and innovative approaches to meeting those requirements and ensuring the use of sustainable and environmentally sensitive measures wherever possible. Every project is designed, supervised and constructed under meticulous attention. We specialize in office design, retail architecture, including small to medium sized shopping centres, luxury and low-cost housing, boutique hotels, lodges, office parks and mixed-use commercial projects. Our architectural and office design experience has equipped us to lead technically complex projects.
